

A Reconsideration of Keynesian Revolution III: Replies from Keynes in 1937

Kiyoshi Toiya

It was in 1937 that the number of articles on General Theory began to increase sharply. Therefore, it is impossible to consider all of them in detail. In trying to understand the significance of the year of 1937 for Keynesian Revolution, we must select carefully as the objects our study the articles which is considered to be of especial importance. In this paper, I deal with the articles with which Keynes himself was involved in 1937.
