## は し が き

第2次世界大戦により、学術雑誌の輸入が杜絶したため、わが国における欧米学界に関する知識に約10年(1941-1950)間の空白が生じた。本課はこの点にかんがみ、学界の参考に供するため、米・英・仏・独の主な経済学の学術雑誌の著者名ならびに件名索引をつくることを企てた。

この仕事のため、一橋大学図書館図書課長・山口隆二助教授から懇切な御援助をうけたことを感謝する。

この仕事は本課員宇津木正が担当した。

## 例 言

1. 本書は1941年(Vol. 51, No. 201)より1956年(Vol. 66, No. 263)にいたるEconomic Journalのarticles, notes, memoranda, obituariesなどの著者および件名の索引である。
2. 全体を2部分に分け、第1部は著者・共著者名のアルファベット順により配列した。同一著者の場合、単独論文・共著論文の別なく発表年月の順にならべた。
3. 第1部の各論文には、著者名の頭文字のアルファベットごとに通し番号をつけた。
4. 第2部は件名のアルファベット順により配列した。
5. 件名の末尾につけたアルファベットと番号は、第1部の著者名の頭文字と論文の番号を示す。
6. 関連する件名には参照をつけた。

## II

### SUBJECT INDEX

#### [ A ]

- accelerator  
and the overinvestment and underconsumption models (Norton) .....N-18
- accountant  
economists and the valuation of fixed assets (Silcock) .....S-31  
relationship between economists and (Norris).....N-15
- accumulation  
productivity and distribution in the British economy (Brown, Weber)...  
..... B-62
- Adam Smith  
manuscript attributed to (Nauze)...N-1
- Adam Smith's library  
and the Bonar catalogue (MacGarvey)  
..... M-11
- advertising  
note on (Rothschild) .....R-59
- Africa, South  
balance of payments and the sterling area (Franklin) .....F-18
- aggregate saving function  
approximation to (Brumberg) .....B-66
- aggregation, dis-  
of investment in the study of economic growth (Youngson) .....Y-4
- aggregative index number  
system of, and their compatibility (Stone, Prais) .....S-72
- agricultural countries  
industrialisation of, and possibilities of new international division of labour (Frankel) .....F-17
- agricultural land  
declining economic importance of (Schultz) .....S-7

- agriculture  
industrialisation and, in India, post-war planning (Iyengar).....I-3
- allowance  
(see income tax allowance; investment allowance)
- aluminium industry  
British, structure of (Moos).....M-43
- Aristotle  
genesis of the marginal utility theory from, to the end of 18th century (Kauder) .....K-20
- army  
labour in, in two wars (Morgan) ...  
..... M-45
- asset  
(see bank assets and liabilities)
- asset, fixed  
accountants, economists and the valuation of (Silcock).....S-31
- Australia  
future of banking in (Wilson) ...W-14

#### [ B ]

- backward area  
(see poor countries; underdeveloped country)  
industrialisation of (Rahmer).....R-1
- balance of payments  
British (Chang) .....C-20  
multiplier analysis and (Hawtrey) ...  
..... H-32  
notional income, national expenditure and (Meade) .....M-33, M-34  
of U. S. (Keynes) .....K-26  
South Africa's, and the sterling area (Franklin).....F-18  
statistics of (Allen) .....A-14

balance of payments (cont.)  
 three concepts of, and so-called dollar  
 shortage (Machlup).....M-12

balance of payments restriction  
 on making the best of, on imports  
 (Fleming) .....F-13

balanced-budget multiplier  
 note on (Peacock) .....P-9

bank  
 (see central banking: International  
 Bank for Reconstruction and De-  
 velopment)

bank assets and liabilities  
 implications of secular changes in, in  
 Great Britain (Johnson) .....J-11

banking  
 future of, in Australia (Wilson)...W-14

bargaining power  
 Britain's (MacDougall) .....M-2

barter  
 determinateness of equilibrium in  
 (Ray) .....R-4

Barton, John  
 newly discovered manuscript of (Soti-  
 roff) .....S-55

Bentham, Jeremy  
 as an economist (Hutchison), (Stark)  
 ..... H-65, S-58, S-60

Beveridge  
 on full employment (Robinson) ...R-29

Beveridge report  
 (Owen) .....O-5  
 financial burden (Kaldor).....K-10

Bonar catalogue  
 Adam Smith's library and (Mac-  
 Garvey) .....M-11

boom  
 (see housing boom)

British (Harrod) .....H-19

Boulding, Prof.  
 macro-economic theory of distribution  
 (Johnston).....J-18

Bowley  
 Studies in national income (Roth-  
 barth) .....R-57

budget  
 (see balanced-budget multiplier; family  
 budget)

alternative to the last two (Allen) ...  
 ..... A-9

cheap money and (Henderson) ...H-42

building industry  
 incentives in (Allen).....A-16

[ C ]

Canada  
 Anglo-American trade prospects: a  
 Canadian view (Rasminsky) .....R-3

cyclical adjustment pattern of an open  
 economy (Marcus) .....M-20

numbers of shops and productivity in  
 retail distribution in Great Britain,  
 U. S. and (Hall, Knapp) .....H-7

physical productivity in (Pentland)...  
 ..... P-11

Cantillon, Richard  
 biographical note on (Hone) .....H-53

capital  
 (see competitive capital market; inter-  
 national capital investment; output-  
 capital coefficient)

Hayek's pure theory of (Hawtrey) ...  
 ..... H-27

rate of return on, employed, mono-  
 poly investigation and (Silberston,  
 Solomons).....S-28

capital coefficient  
 (see output-capital coefficient)

and the rate of depreciation (Egerton)  
 ..... E-4

capital market  
 (see competitive capital market)

role of the British life assurance com-  
 panies in (Clayton) .....C-30

cardinality  
 expectation and (Shackle) .....S-14

central banking  
 in Hyderabad (Iyengar) .....I-2

- Ceylon  
 distribution of income in, Puerto Rico,  
 U. S. A. and United Kingdom  
 (Morgan) .....M-47  
 new currency law in (Shenoy).....S-17
- China  
 industrial production and employ-  
 ment in pre-war (Ou, Wang) ...O-4
- choice  
 growth versus (Wiles) .....W-12  
 in psychology and as economic as-  
 sumption (Macfie) .....M-10
- classical stationary state  
 (Pigou), (Kalecki) ..... P-17, K-18
- classicism  
 Physiocracy and, in Britain (Meek)...  
 ..... M-36
- closed economy  
 aspects of the theory of inflation in  
 (Turvey) .....T-16  
 stabilisation policy in (Phillips) ...P-12
- Clower  
 on productivity, thrift and the rate  
 of interest (Tew).....T-5
- coal industry  
 British, efficiency and organisation of  
 (Beacham) .....B-26  
 present position of, in Great Britain  
 (Beacham) .....B-28
- coalfield  
 of Britain (Beacham) .....B-27
- cobweb theorem  
 risk and (Hooton), (Neuman), (Soper)  
 .....H-54, N-7, S-53
- commodity  
 demand for, is not demand for labour  
 (Johnson) .....J-8
- commodity agreement  
 (see international commodity agree-  
 ment)  
 and price fluctuations (Harbury),  
 (Tyszynski).....H-13, T-22
- commodity reserve currency  
 (Hayek) .....H-36  
 Keynes vs. Hayek on (Graham) ...G-6
- commodity stock value  
 and E. P. T. (Lacey).....L-1
- Commons' Journals  
 as sources of information concerning  
 the 18th century enclosure move-  
 ment (Tate) .....T-1
- company law  
 (Rix) .....R-11
- compensating principle  
 Pareto and (Pole).....P-26
- compensation  
 (see railway compensation)
- compensation-betterment problem  
 development charges and (Munby),  
 (Turvey).....M-51, T-17, T-18
- compensation principle  
 interpretation and application of  
 (Bailey) .....B-1
- competition  
 (see imperfect competition; monopo-  
 listic competition)  
 in transport as an instrument of policy  
 (Walker) .....W-3
- competitive capital market  
 Pigou on the efficiency of (Kemp) ...  
 ..... K-21
- competitive situation  
 external economies and diseconomies  
 in (Meade).....M-35
- constructional industry  
 in the U. S., future output of (Bowen)  
 ..... B-43
- consume, propensity to  
 fiscal policy and (Norris), (Williams)  
 ..... N-16, W-13
- consumer preference  
 interdependence of, in the theory of  
 income redistribution (James, Be-  
 ckerman).....J-5
- consumption  
 (see food consumption; undercon-  
 sumption model)
- consumption, maintained  
 effects of, in the unemployed sector  
 (Maiwald) .....M-18
- control  
 (see price-control; rent control)

- control, economics of  
Lerner on (Meade).....M-32
- convertibility  
and triangular trade as safeguards  
against economic depression (Wright) .....W-24
- cost  
(see factor cost; full cost; historical cost; labour cost; price, cost theory of; production cost; transport cost; user cost)  
and output (Pigou) .....P-25
- cotton industry  
British, prospects of (Nawrocki) ...N-2  
productivity of labour in (Rostas) ...  
..... R-53
- credit  
(see export credit)  
hire-purchase, dynamics of (Einzig)...  
..... E-9
- crisis  
and depression, theories of the 1937-38 (Brockie).....B-55
- cumulative process  
Wicksell's (Patinkin) .....P-7
- currency  
(see commodity reserve currency; international currency)  
points as (Hugh-Jones) .....H-64  
Sir Isaac Newton and (Shirras, Craig)  
..... S-22
- currency, dual-  
problem (Carter) .....C-10
- currency law  
new, in Ceylon (Shenoy) .....S-17
- currency system  
British colonial (Clauson) .....C-28  
colonial, sterling balances and (Greaves), (Hazlewood)...G-9, H-38, H-39
- customs union  
contribution towards a theory of (Makower, Morton) .....M-19
- cycle  
interactions of, and trends (Higgins)  
..... H-50
- cyclical adjustment pattern  
of an open economy (Marcus) ...M-20
- cyclical fluctuation  
and growth of discriminatory alignments in international trade (Fforde)  
..... F-6  
economic growth and, relation of (Kaldor) .....K-14
- [ D ]
- debt  
(see national debt)
- demand  
(see elasticity of demand; elasticity of supply and demand; income elasticity of demand)  
and supply of money (Thirlby) ...T-8  
British, for imports (Barna) .....B-11  
British, for imports in the inter-war period (Chang) .....C-18  
for commodities is not demand for labour (Johnson) .....J-8  
for food (Downie) .....D-14
- demand, effective  
Robertson on, and the trade cycle (Wilson) .....W-16
- demand, free  
estimates of, for rationed foodstuff (Houthakker, Tobin) .....H-57
- demand analysis  
linear expenditure systems and (Stone)  
..... S-74
- depreciation  
effect of, on the output-capital coefficient of a firm (Edwards).....E-1  
rate of, capital coefficient and (Egerton) .....E-4  
replacement and growth (Domar) ...  
..... D-11  
replacement and regular growth (Neisser) .....N-3  
with special reference to transport (Ponsonby) .....P-27

- depression  
 crisis and, theories of the 1937-38  
 (Brockie) .....B-55
- depression, economic  
 convertibility and triangular trade as  
 safeguards against (Wright).....W-24
- depression, great  
 rubber production costs during  
 (Bauer) .....B-13
- development charge  
 and the compensation-betterment pro-  
 blem (Munby), (Turvey).....  
 .....M-51, T-17, T-18
- disarmament  
 Germany's economic, plan for  
 (Einzig) .....E-8
- diseconomy  
 external economies and, in a com-  
 petitive situation (Meade) .....M-35
- disequilibrium  
 and the effects of elasticities of supply  
 and demand (Wright) .....W-22
- distribution  
 (see earnings, distribution of; income,  
 distribution of; income distribu-  
 tion; occupational distribution;  
 output, individual, distribution of;  
 retail distribution)
- accumulation, productivity and, in  
 the British economy (Brown,  
 Weber) .....B-62
- Boulding's macro-economic theory of  
 (Johnston).....J-18
- industrial production, productivity  
 and, in Britain, Germany and U. S.  
 (Rostas) .....R-52
- dollar problem  
 Britain's U. S. (McCurrach) .....M-28
- dollar scarcity  
 remarks inspired by Keynes' last  
 article (Harris) .....H-14
- dollar security  
 premium on U. S. (Rix) .....R-12
- dollar shortage  
 three concepts of balance of payments  
 and so-called (Machlup).....M-12
- Domar, Harrod-, model  
 (Baumol) .....B-23
- Domesday book  
 economic position of the bordars and  
 cottars of (Lennard) .....L-7
- Domesday sokemen  
 economic position of (Lennard) ...L-6
- Domesday villani  
 economic position of (Lennard) ...L-5
- Duesenberry, Prof.  
 on income and savings (Pigou) ...P-23
- dynamic economic model  
 statistical inference in (Fisher).....F-11
- dynamic model  
 (Baumol) .....B-21
- [ E ]
- earnings, distribution of  
 and of individual output (Roy) ...R-63
- East, Middle  
 approach to economic development  
 in (Kahn) .....K-4
- Eastern countries farms  
 war-time changes in the organization  
 of two groups of (Menzies-Kitchin,  
 Chapman) .....M-39
- econometric equation  
 forecasting from (Stone, Prais) ...S-73
- economic development  
 approach to, in the Middle East  
 (Kahn) .....K-4
- economic education  
 and economic research in the Soviet  
 Union (Zvavich) .....Z-3
- economic growth  
 and cyclical fluctuations, relation of  
 (Kaldor) .....K-14
- and price level (Bladen), (Brown,  
 Ozga) .....B-38, B-63
- disaggregation of investment in the  
 study of (Youngson) .....Y-4
